Bwindi Impenetrable Forest

Gorilla close up lodge shares the boundary with Bwindi impenetrable National Park on its southern sector of Nkuringo and Rushaga Gorilla tracking/ Gorilla feeding range. Lodge GPS coordinates: LATITUDE S1.102888, LONGTUDE E29.651047, ALTITUDE 2015.9m above sea level (<https://maps.google.com/?q=-1.102888,29.651047>). The lodge is sometimes visited by Nkuringo Gorilla group and sometimes you can be lucky to see them on every close range from your room window once they are feeding on Myrica, Eucalyptus leaves, Fans and many other shrubs next to the rooms as sometimes they are feeding on our lodge land. The lodge is eco friendly built with a lot of local materials.

We have 6 different types of cottages and rooms each with a unique design, setup and pricing. We serve English breakfast, 4 course meals, packed lunches, complementally tea and organic coffee in rooms, free room service and free Wi-Fi internet.

We give special prices to our operators, clients booking with us for the first time, families' special discounts for long stays, researchers and volunteers 10% discount for advance payments. Don't hastate to contact us, we market through services and pricing. Double the fun half the price.

We offer airport pickups and drop off to Kigali and Entebbe on request.

Rafiki crafted rooms: It has four rooms double/Twin-occupancy 8 pax. Rafiki is delived from the Swahili word meaning a friend and this is a name of one of the Gorillas in Nkuringo group that frequently visited this Lodge and the sport it used to rest from.

Royal Crafted Cottages: 4 rooms crafted cottage self-contained twin/double rooms-8 pax all with Bwindi Impenetrable Forest

Loyal luxury family cottage With 2 rooms. 5 beds, private kitchen fully equipped, a standby private chef or do self-catering. It has a big balcony overlooking the forest-occupancy 6 to 7 people.

Jungle luxury family cottage With 3 rooms, 6 beds all suitable for double/twin occuppies up to 6 to 8 pax and it has spacious rooms that we could add extra bed in each room in case of need.

DIAN FOSSEY COTTAGE:

This is a special cottage built in memory of Dian fossey whose research on mountain Gorillas has contributed a lot on conservation and Gorilla tracking currently. She used to camp at the very sport where the cottage is built during her research time. It has a lot of information on Gorillas.

GEORGE SCHALLER COTTAGE:

This is a luxury double/twin cottage that was built in the honor of Dr. George Schaller who visited Bwindi Impenetrable Forest National Park in 1959and immediately started research on mountain Gorillas. Stay in this cottage to enjoy all his publications on mountain Gorillas.

SILVERBACK LUXURY COTTAGE:

Double/ Twin occupancy cottage which on most occasions Bahati Silverback Gorilla from Nkuringo Gorilla group would be sited resting and enjoying the backs of Myrica tree, and other shrubs. It's a long cottage reflecting African traditional housing with spacious window views overlooking the forest with sounds of Nature.
